Letter of Attention Regarding Suspected Case of Head Lice

Date:

Dear Families:

A case of head lice (pediculosis) has been found in your student's class. Head lice are spread by direct head-to-head contact. Please check your student's hair for lice, and nits.

Anyone can get head lice. Please refer to the attached information fact sheet for the steps to take if your student has head lice. Please contact the school if head lice, or nits are detected.

If you have any questions that have not been answered in the attached information sheet, please call the local health unit or family health team.

Sincerely,

Principal
