

District School Board
Ontario North East

GET INVOLVED IN YOUR CHILD'S EDUCATION

Families can get involved in their child's education in many ways, including through **School Councils** and the school board **Parent Involvement Committee (PIC)**.

Education is a partnership involving families, students, teachers, principals, school boards, government, and the community.

School Councils

The purpose of a School Council is to improve student achievement and increase accountability of the education system to families.

School Councils may advise the Principal on issues such as:

- School Improvement Plans and EQAO
- Facility concerns
- Opportunities for family volunteers in the schools
- School events and fundraising

To get involved in a School Council, please contact your child's school.

Parent Involvement Committee

The Parent Involvement Committee (PIC) is an important board-level advisory body that operates as a direct link between parents and a board's director of education and trustees.

PIC builds parent engagement by:

- Providing advice to their school board on parent engagement and ways to communicate with families.
- Developing strategies and initiatives the board could use to effectively engage parents in improving student achievement and well-being.
- Sharing information with and supporting the work of all the school councils in the school board.

To get involved in DSB1's PIC, click [here](#) or scan this QR code using the camera on a mobile device or tablet:
